General Comments

Clear and mild

GENERAL:

- I arrived at the storage yard along Burma Rd at 0700 hrs to see how the Epoxy AC mockup turned out. Later in the morning I was informed that the mockup was completed last night around 0000 hrs and that they were done with the mockup.
 - I called Mark MacDonald regarding the grinding of the "floated plates" at Hinge KW. He said that according to the response to the RFI 3253 he achieved the required dimensions. I said that more grinding had to be performed.
 - Diary work
 - Printed out pictures of the "floated plates" and showed them to Paul Jefferson.
 - Paul and I agreed to meet regarding CCO 310 and CCO 311. After this, I prepared for this meeting.
 - Prepared for GED meeting this afternoon, which lasted from 1630 to 1745 hrs.
 - Intermittent phone calls from ABF throughout the day.
- Hinge A field work covered by Parviz Jalali.

I accrued 2.5 hours of overtime today covering the Contractor's hours.
